2. The Ministry for Heavy Machine Construction, Main Department for Colleges and Technical Schools, has three colleges and 26 technical schools under its jurisdiction.
3. The former Main Department for Traffic, which existed in the old Ministry for Machine Construction, was not carried over into the new Ministries, i.e. the Ministries for Heavy Machine Construction and General Machine Construction. The function of the Main Department for Traffic has been taken over by the Main Department of Cooperation and Dispatcher.

Comments:

- 1.
2. lists Neske (fnu-SED) as head of the Main Department for Research and Development.
